

Hello -

We wanted to let you know that Tropical Optical is still offering full comprehensive eye exams for current CPS students. While we can't be in the schools to provide these exams we do have several locations in which you can call and make an appointment. When calling to make an appointment, please notify the scheduler that your child is a CPS student. We will ask a few questions regarding the student. If your child is eligible we will schedule an appointment. A student is considered eligible if it has been at least one year since their last eye exam (through CPS or through private eye doctor).

Please note that we will bill any government or private insurance, Illinois Department of Healthcare and Family Services (HFS) or any other currently applicable insurance for any reimbursable services and/or materials.

When you arrive to your appointment your temperature will be taken and standard COVID-19 questions will be asked. We ask that if you are not feeling well to reschedule your appointment. A Vision Consent Form will need to be completed during the appointment.

Below are the available locations you can call to make an appointment. When calling please have the following information ready:

- Student's Name
- Student's CPS School ID Number
- Student's DOB
- Parent Name
- Parent Phone Number
- Name of school Student attends
- Insurance information
